OUR ENGAGEMENT

REINVENTING THE BUSINESS CLASS EXPERIENCE BETWEEN PARIS AND NEW YORK

Created by professionals from the world of aviation and ambitious businessmen, La Compagnie is reinventing the business class experience. Since July 21st, 2014, we have offered exclusively business class daily flights between Paris and New York at rates from 30 to 50 per cent less expensive than the competition. At the end of 2016, La Compagnie joined forces with XL Airways in order to create the first low-fare long-haul airline group. Led by Laurent Magnin, the two French airlines democratize air transport in Economy (XL Airways) and in Business class (La Compagnie).

“Two airlines whose strength relies on their employees’ commitment! Consumers want competitive prices and a transparent service. Our companies will work in this way under a French label in a country that is the world leader in tourism and must remain so.”

Laurent Magnin – CEO of XL Airways and La Compagnie

“When travelers fly with La Compagnie, they’re choosing to travel smart while receiving a business-class experience at a fraction of the price. La Compagnie democratizes business class on the long-haul Paris-NY route. All travelers are after comfort. Each day, our team works hard to offer the best service to our passengers.”

Frantz Yvelin – Founder of La Compagnie
La Compagnie received the support of private investors, mostly French or European, amounting to an exceptional initial sum of almost 30 million Euros.

OUR AIRPLANES

BOEING 757-200, MADE TO CROSS THE ATLANTIC

TWO AIRCRAFT PERFECTLY SUITED TO TRANSATLANTIC FLIGHTS

La Compagnie’s flights are operated on two Boeing 757-200 aircraft, perfectly suited for La Compagnie’s transatlantic route.

The two aircraft were fully refurbished and now proudly wear La Compagnie’s signature colors, Celeste Blue and Anthracite Grey.

They are equipped with Rolls-Royce engines and winglets designed to limit fuel consumption and contribute to environment preservation in line with our commitment to AKUO ENERGY.
A 100% BUSINESS CLASS CABIN

Our single-class cabins are fully equipped in a business class configuration. Custom designed for La Compagnie in collaboration with Aerotec Concept, La Compagnie’s cabins feature only 74 seats in a space where usual configuration can reach 230 seats. The central aisle serves 19 rows of two times two seats. It allows passengers to benefit from a unique boutique cabin in keeping with who we are.

LET’S TALK ABOUT COMFORT

Integrated into fixed shells, seat height is 46 in. and width is 26 in. Each seat is spaced by a pitch of 62” (155 cm) so passengers benefit from a comfortable and large private space allowing a relaxing sleep. La Compagnie provides antiallergenic pillows and soft blankets for all passengers.

Thanks to its LED system, the Mood Light module creates a unique atmosphere for each phase of flight (boarding, dinner, waking up), which combat the effects of jetlag.
OUR BUSINESS EXPERIENCE

A FEW HOURS OF FLIGHT BENEFIT FROM BUSINESS CLASS COMFORT

OUR IN-FLIGHT ENTERTAINMENT

All seats come equipped with individual tablets for optimal handling in addition to visual comfort. La Compagnie offers passengers a selection of both French and American movie classics, new releases, television shows and music, all of which is updated on a monthly basis.

PASSENGER SERENITY IS KEY

Exclusively designed for La Compagnie passengers, the airline’s premium amenity kits provide passengers with all the essentials needed for a smooth in-flight experience. Conveniently sized to fit a personal tablet inside, the kit showcases several designs inspired by the airline’s interior, in shades of baby blue and cool grey. Amenities in the kit include socks, ear plugs, eye mask, a shoe bag to store one’s footwear, a toothbrush and toothpaste, a mirror, and cosmetic products.

La Compagnie has partnered with Caudalie to offer passengers two generous 15ml format care products including hand and nail hydrating cream and a face hydrating treatment. These Caudalie treatments are offered in our amenity kits.
CHRISTOPHE LANGRÉE’S CUISINE IN THE SKY

Passengers on La Compagnie can enjoy seasonal menus with simple and subtle recipes developed with great delicacy by our Chef, Christophe Langrée. For overnight travel from New York to Paris, La Compagnie offers a light snack to set the stage for a relaxing environment for resting and sleeping.

CHAMPAGNE & CO

PIPER HEIDSIECK CHAMPAGNE is the exclusive Champagne partner on board. Our wines have been carefully selected to include traditional French producers from different regions.

CHEFS & CO, A CULINARY PROGRAM

Because travel is also about taste, La Compagnie takes in-flight dining to new heights with the Chefs & Co program. At the request of Christophe Langrée, two Chefs based in Paris: David Toutain and Christophe Saintagne and two Chefs based in New-York: Jody Williams and Frederic Duca, have designed their own signature dishes for La Compagnie passengers. Starting in July 2017, each dish will be served onboard La Compagnie for one month, integrated into Christophe Langrée’s menus. Our passengers will also have the opportunity to meet these new Chefs, each of whom will join us onboard to present their contributions to the menu.

“Enabling people to travel somewhere else in their minds is our business. That’s what we are thinking when creating new menus. Straight to the point, simple, good and tasty, that is our mandate. Our creations follow the seasons as well as diner’s desires for inspiration. From Hotel Matignon to La Compagnie, and Paris to New York, the idea is to delight our diners a little more each time. From my native Brittany to my travels around the world, I have kept only the best recipes to share with you.”

HOW DOES IT WORK?

MyCompagnie is a unique loyalty program. What you read is what you get. Our program is simple and works with a transparent point scale. For each flight a passenger takes with La Compagnie, he/she earns points (from 1 to 5 points) according to the fare booked. Since May 2017, a passenger can sponsor friends or relatives and get 2 points credited following the sponsee’s first flight. La Compagnie also credits the sponsee with 4 points. Afterwards, passengers can convert their points into La Compagnie tickets. From May 2017, they can also redeem points for La Compagnie services or XL Airways tickets. To subscribe, passengers create an account online for free. They simply contact the call center to convert loyalty points.

OUR PARTNERS

TO OFFER A UNIQUE 100% BUSINESS CLASS EXPERIENCE, LA COMPAGNIE IS SUPPORTED BY TALENTED PARTNERS
Once or twice a month, La Compagnie organizes unique events onboard. This is how passengers came to meet well-known directors and authors such as Claude Lelouch, Sébastien Samson, Jean-Michel Ribes and Philip Kerr. Our events also feature exciting tasting: we offered a Paul Bocuse menu onboard, a Rosé tasting for summer, and the unique experience of a Petrossian Caviar tasting. The list is endless! Sharing our love-at-first-sight experiences with our passengers, this is the benefit of a boutique airline. Here are some of the most recent onboard surprises organized with our partners.

**UNIQUE EXPERIENCES AT 30,000 FEET**

**KEVIN LYONS x CO**

The first in-flight art gallery. From April until August 30th 2017, street artist Kevin Lyons’ 40 exclusive creations took their place on our plane’s 85 windows. The characters were inspired by the different personalities of La Compagnie travelers. It’s the ultimate pop-up exhibition: a flying art gallery.

**PETROSSIAN**

The B0100 flight of March 16th was quite exceptional! Petrossian offered its Caviar onboard experience with La Compagnie including a starter of Tartare of Smoked Salmon and Caviar from Petrossian, followed by Cod with Champagne Sauce and Petrossian Caviar black pearls as main course.

**PHILIP KERR**

Just before the Euro Cup kick-off, thriller fiction writer Philip Kerr was invited onboard La Compagnie to talk about his latest book "January Window", a cliffhanger set in the dog eat dog world of the Premier League. The perfect occasion to discuss all things football in good compagnie, passengers received signed copies of Kerr’s work to dig into at home.
